

**REMARKS:**

The amendment to Claim 1 corrects a typo in the claims as filed.

The applicant respectfully traverses the requirement for restriction and election.

In this submission there is no patentable distinction between at least Figs 1 to 3, and Figs 4 and 5.

For the purposes of patentability all these figures disclose substantially the same invention.

However since applicant has no option, he elects in favour of Figs 1,2 and 3.

Claims readable on Figs 1 to 3 include Claims 1,2,3,4,5,6, and 7.

Applicant reserves the right to resubmit the remaining claims upon allowance, or in the alternative to file a divisional application.

Reconsideration and allowance is earnestly solicited in view of the foregoing.

Yours respectfully,

John Shaw
